**Correction to: Analytical and Bioanalytical Chemistry (2020) 412:27–36**  
<https://doi.org/10.1007/s00216-019-02195-1>

The original version of this article unfortunately contained a mistake.

A mistake was made in the reporting of the limits of detections from the work of S. Turková *et al.* [46].

*Old sentence:*

*They showed that using a 193 nm ArF laser coupled to ICP MS, they could achieve LODs of 8.7, 0.57, and 0.08 mg.g<sup>-1</sup> for Fe, Zn, and Pb, respectively*

*New sentence:*

*They showed that using a 193 nm ArF laser coupled to ICP MS, they could achieve **LODs of 8.7, 0.57, and 0.07 mg.kg<sup>-1</sup>** for Fe, Zn, and Pb, respectively*

The original article has been corrected.

**Publisher's Note** Springer Nature remains neutral with regard to jurisdictional claims in published maps and institutional affiliations.
