

Power

Stenetta Anthony

Power can be heard in a still small voice
Echoing throughout the four corners of the earth
Bringing comfort, peace and humility to those it meets.
Power is a strong tower built on the shoulders of men and
women who define a nation.
Power is being still and letting others observe your beauty and
strength.
Power is engaging in the most minimal task seen by others,
but launching others into their destiny.
Power is holding hands with someone who's mourning.
Power is being a First Lady, wife, mother and voice to a nation of
women
Where power is shown in not only one's outward appearance but in
the stature
of being the First Lady of the United States.
Former First Lady Michelle Obama echoed power in everything she
did whether great or small
producing timeless power that will transcend time.
