Letters to the Editor Column

The Editors of *Aesthetic Plastic Surgery* wish to announce a **Letters to the Editor** column to which our readers are encouraged to send their opinions and criticisms of any articles which have appeared in the Journal during the past several years of publication. It is the hope of the Editors that this column will encourage a vigorous discussion of all aspects of aesthetic plastic surgery.

Training Fellowship

Comprehensive fellowships in aesthetic plastic surgery are available at Manhattan Eye, Ear and Throat Hospital, New York City, affiliated with New York University Medical Center and Cornell University-New York Hospital Medical Center. Fellowships are of six months duration with extensive patient care and educational activities offered. Salary and benefits similar to those of regular plastic surgery residents are included. Eleven attending surgeons serve on the teaching staff. For information write: Dr. Thomas D. Rees, Department of Plastic Surgery, Manhattan Eye, Ear and Throat Hospital, 210 East 64th Street, New York City, New York 10021.

Research—Sabbatical Opportunity

A new program at the University of Michigan provides an opportunity for established plastic surgeons and others to work in the Plastic Surgery Research Laboratory during their sabbatical. Individuals chosen for this ongoing program will have the opportunity to carry out their own investigations. The laboratory is under the direction of George W. Cherry, D.Phil. Research assistants and financial support are available. For further information, contact William C. Grabb, M.D., Section of Plastic Surgery, C-7200 Outpatient Building, University of Michigan Medical Center, Ann Arbor, Michigan 48109.

The First Afro-Asian Conference on Burns

The First Afro-Asian conference on Burns will be held in Bombay from January 14-16, 1981. It is jointly sponsored by the Burns Association of India and the International Society for Burn Injuries. The theme of the Conference will be "Prevention and Management of Burns in Developing Countries". The tentative program includes such topics as early management including first-aid, late management including reconstruction, infection in burns, immunology, vaccines, biological dressings, rehabilitation, planning of burn units, prevention, education, and safety. Presentation on these and all other aspects of burns will be welcome. For details, please write to Dr. S. Agarwala, Organ-

ising Secretary, c/o Burns Research Unit Bai Jerbai Wadia Hospital for Children, Parel Bombay-400 012, India.

Leo A. Bornstein Memorial Foundation

A Memorial Foundation has been established in Tel Aviv, Israel in honor of Doctor Leo A. Bornstein. Its primary purpose will be to organize a plastic surgery library in Dr. Bornstein's name.

The members of the Executive Committee of the International Society of Aesthetic Plastic Surgery have voted to make a contribution on behalf of the Society. Individual members of ISAPS and friends of Doctor Bornstein are urged to contribute to this fund. Tax deductible contributions and donations should be made payable to the: Manhattan Guild, Inc., c/o Mrs. Annette Nadler, 418 East 58th Street, New York, N.Y. 10022, accompanied by instructions designating the Leo A. Bornstein Foundation as benefactor.

Contributions of personal libraries and books will also be appreciated. To make such a contribution, a letter should be sent to the Manhattan Guild, Inc., c/o Mrs. Annette Nadler informing her of the content of the collection *prior to* any books being sent.
