

Erratum

U. Willi and S. Treves

Urologic Radiology 5:163 (1983)

Equation 4 should read:

$$R = \frac{V_o - V_e}{C_o - C_e} = \frac{\Delta V}{\Delta C} = \frac{\text{change in volume}}{\text{change in counts}} \quad (4)$$

Announcements

Fourth Annual Washington Imaging Conference—Body Imaging Update: Computed Tomography, NMR and Vascular and Interventional Radiology, April 29—May 4, 1984

The Department of Radiology of The Alexandria Hospital (with pending co-sponsorship by the American College of Radiology) will be presenting the Fourth Annual Washington Imaging Conference, entitled "Body Imaging Update: Computed Tomography, NMR and Vascular and Interventional Radiology" at the J.W. Marriott Hotel in Washington, D.C., from April 29 to May 4, 1984.

Topics to be discussed will include computed tomography of the abdomen, chest, and ear, nose and throat, digital vascular imaging, interventional radiology and nuclear magnetic resonance. The program will be oriented towards the practicing radiologist and will emphasize practical utilization of these methods including the most recent developments in the fields. Approval for 25 hours of Category I CME credit is pending.

Fee: \$375.-; \$250.- for residents.

For further information, please contact: Mrs. Pam Donais, Department of Radiology, The Alexandria Hospital, 4320 Seminary Rd., Alexandria, VA 22304. Telephone: (703)379-3102.

Second World Congress on Percutaneous Renal Surgery, June 14-15, 1984

The Department of Urology, Medical School of the University of Mainz, will be organizing the Second World Congress on Percutaneous Renal Surgery, to be held on June 14 and 15, 1984, at the Mainz Hilton Hotel, Mainz, West Germany. Topics to be discussed will include percutaneous renal surgery, transureteral surgery and extracorporeal shock wave treatment of urolithiasis.

Call for Abstracts: February 1984.

For further information, please contact: Prof. Dr. P. Alken, Urologische Klinik, Johannes Gutenberg-Universität, 6500 Mainz, WEST GERMANY.
