**MCGILL UNIVERSITY  
DEPARTMENT OF ANESTHESIA  
CLINICAL RESEARCH COORDINATOR**

The Department of Anesthesia at McGill University invites applicants for a full-time position as a Clinical Research Coordinator in pain management.

Candidates must have a medical degree, a PhD with a strong academic background in pain and a proven research track record.

The successful applicant will be expected to facilitate clinical research and epidemiological investigation across the McGill Pain Management Unit. The multifaceted tasks will deal with the areas of acute, chronic and cancer pain including teaching responsibilities at the undergraduate, graduate and postgraduate levels.

Administrative experience in the public and/or private sector is essential with strong communication skills and collaborative leadership style.

This is a one-year renewable term position. Salary is \$40,000-\$50,000 depending upon qualifications and experience.

*Applications, including detailed curriculum vitae, should be directed to Dr. Francesco Carli, Chairman,*
