

THE JOHNS HOPKINS MEDICAL INSTITUTIONS

DIAGNOSTIC CYTOPATHOLOGY FOR PATHOLOGISTS.
1986 POSTGRADUATE INSTITUTE

The Johns Hopkins University School of Medicine offers the *Twenty-seventh Postgraduate Institute for Pathologists in Clinical Cytopathology*. This is designed as a Subspecialty Residency in *Clinical Cytopathology*, then highly compressed for the busy Pathologist into 152 AMA Category I credit hours in two courses, both of which must be taken:

- February to April 1986, Home Study Course A is provided each registrant for personal reading and microscopic study in their own laboratory; and
- April 28 to May 9, 1986, In-Residence Course B is an extremely concentrated lecture series, intensive laboratory study, and vital clinical experience at the Johns Hopkins Medical Institutions, Baltimore, Md, USA.

This Institute, Course A and Course B, is designed solely for pathologists who are Certified (or qualified for certification) by the American Board of Pathology or its international equivalent. An intensive refresher in *all aspects of Clinical Cytopathology* will be provided with time devoted to newer developments and techniques, special problems, and recent applications including *immunodiagnosis* and *needle aspiration*. Topics are covered in lectures, explored in small informal conferences, and discussed over the microscope with the Faculty. Abundant self-instructional material is available to augment at individual pace.

The loan set of slides with texts (Course A) will be sent to each participant within the United States and Canada for home-study during February through April before Course B in Baltimore, April 28-May 9. Participants *outside* of the United States and Canada must make *prior* special arrangements to study Course A in adequate time before Course B.

Application and completed pre-registration is advised at the *earliest* date possible, to assure an opening. Completed pre-registration, however, *must* be accomplished *before March 28, 1986*, unless by *special arrangement*.

For details, write: John K. Frost, M.D. 604 Pathology Building, The Johns Hopkins Hospital, Baltimore, Md 21205, USA

The entire Course is given in *English*.
