

## Statement of Purpose

The *Journal of Elementary Science Education* is an international refereed journal devoted to the issues of elementary science education. The purpose of *JESE* is to communicate ideas, theories, research, and field-oriented information related to supervision, curriculum, and instruction. The audience of *JESE* includes universities with teacher education programs, elementary schools, and local and state education agencies. *JESE* is published to provide discussion of a broad range of concepts, theories, and issues and the dissemination of the knowledge base for professionals.
