

News from the Executive

ANNUAL GENERAL MEETING

The Annual General Meeting of the Society is being held on Wednesday May 15th at 8.00 p.m. in the Badham Lecture Theatre, University of Sydney. Members are invited to nominate issues for inclusion on the agenda of the meeting.

We would appreciate suggestions concerning the frequency of the National Plant Pathology Conference. In addition suggestions are also invited concerning the relative roles of the Society and Agricultural Council in the sponsoring and organising of Conferences and Workshops. The Directors of the Plant Pathology Branches in each State are particularly requested to consider this problem.

L. W. Burgess
Honorary Secretary

RESULTS OF VOTING IN THE REFERENDUM

In the recent referendum concerning changes to the Constitution, 110 ballot papers were returned. 'Yes' votes to the respective changes were as follows:

1.	101	2.	104
3.	110	4.	109

Therefore of those members who voted, the overwhelming majority agreed with the recommendations of the Executive.

A. M. Smith
Vice President
