Erratum to: Strahlenther Onkol 2016 · 192 DOI: [10.1007/s00066-016-1070-0](https://doi.org/10.1007/s00066-016-1070-0)

Unfortunately, a typing error occurred in the results section of the abstract of the article “Fractionated vs. single-fraction stereotactic radiotherapy in patients with vestibular schwannoma”.

The mean overall survival after stereotactic radiotherapy was 13.1 years and not 31.1 years. The correct sentence of the results section in the abstract reads as follows:

Mean overall survival (OS) after RT was 13.1 years, with 94 and 87% survival at 5 and 10 years, respectively.

The same applies to the German abstract. The correct sentence of the section “Ergebnisse” in the abstract reads as follows:

Das mediane Follow-up nach RT betrug 7,5 Jahre (Spanne 0–14,4 Jahre), das mittlere Gesamtüberleben (OS) nach RT 13,1 Jahre, mit Überlebensraten von 94 und 87% nach 5 und 10 Jahren und das mittlere progressionsfreie Überleben (PFS) 13,3 Jahre, mit einem 5- und 10-Jahres-PFS von 92%.

No further typing error occurred in the article proper. We apologize for any inconvenience caused.

The online version of the original article can be found at <http://dx.doi.org/10.1007/s00066-016-1070-0>.
