Correction to: Diabetologia

<https://doi.org/10.1007/s00125-021-05382-x>

The authors omitted one hypoglycaemia-specific patient-reported outcome measure (TRIM-HYPO) from their systematic review. The original article has now been corrected to include TRIM-HYPO. An incorrect entry in Table 5 for the HFS instrument has also been corrected. The overall conclusion has not changed.

Publisher's note Springer Nature remains neutral with regard to jurisdictional claims in published maps and institutional affiliations.
