<https://doi.org/10.1007/s00464-019-07335-3>

In the Abstract, in the Methods section the sentence “Of the 121 included patients, 78 underwent RAPD and 43 underwent OPD.” Should read: Of the 121 included patients, 77 underwent **OPD** and 44 underwent **RAPD**.”

The authors regret the error.
