### Correction to: Adsorption

<https://doi.org/10.1007/s10450-020-00282-9>

It has come to our attention that the following sentence contains an error: “However, while the octahedra in MIL-53 are cis-connected, the octahedra in CAU-10 are trans-connected.” The words “cis” and “trans” should be swapped to read “However, while the octahedra in MIL-53 are trans-connected, the octahedra in CAU-10 are cis-connected.”
