The original version of this article unfortunately contained few mistakes. In Fig. 7 caption, Co:ZnS should be replaced with Co:CdS and Fe:ZnS should be replaced with Fe:CdS. In Table 1, the column heading TM doped ZnS should be replaced with TM doped CdS. In Table 1, the last word under the column heading Photocatalysis should read as CdS instead of ZnS. In the Conclusion section, ZnS should be replaced with CdS in the seventh and tenth lines.
