³Shenzhen College of Advanced Technology, University of Chinese Academy of Sciences, 1068 Xueyuan Avenue, Shenzhen University Town, Shenzhen, 518055 People's Republic of China

2. In equation (3) the nominator and denominator were exchanged. The correct form of the equation is given below:

$$SamEn(X_N, m, r) = -\ln \frac{\Phi(m+1, r)}{\Phi(m, r)} \quad (3)$$

Authors confirm that the mistake in the equation is only a typo, while in all analyses, sample entropy was calculated correctly; hence all presented results and discussions in the original study remain valid.

Authors apologize to the readers of Medical & Biological Engineering & Computing for any inconvenience caused due to the inaccuracies described above.
