TRANSACTIONS B**
DOI 10.1007/s11663-009-9334-z

THERE are important typos in Equations 1 and 2 in the Modeling Methodology section of the paper.

The “+” signs were missing from the equations. There should be a “+” sign in between $L(t)C_{\text{Cu}}^{L/\gamma}(t)$ and the integrals in equation 1 and a “+” sign in between $L(t)C_{\text{Ni}}^{L/\gamma}(t)$ and the integrals in equation 2. The correct equations are given below:

$$L(t)C_{\text{Cu}}^{L/\gamma}(t) + \int_{L_0} C_{\text{Cu}}^{\gamma}(x, t)dx = (L_0 + L_{\text{lost}}(t))C_{\text{Cu}}^0 \quad [1]$$

$$L(t)C_{\text{Ni}}^{L/\gamma}(t) + \int_{L_0} C_{\text{Ni}}^{\gamma}(x, t)dx = (L_0 + L_{\text{lost}}(t))C_{\text{Ni}}^0 \quad [2]$$

The publisher regrets this error.

LAN YIN, Graduate Student, and SEETHARAMAN SRIDHAR, Professor, are with the Department of Materials Science and Engineering, and SUKUMAR BALAJI, Researcher, is with the Department of Chemical Engineering, Carnegie Mellon University, Pittsburgh, PA 15213. Contact e-mail: sridhars@andrew.cmu.edu
