

RETRACTION NOTE

Erratum to: Using pyrosequencing and quantitative PCR to analyze microbial communities

© Higher Education Press and Springer-Verlag Berlin Heidelberg 2011

Retraction: Husen ZHANG. Using pyrosequencing and quantitative PCR to analyze microbial communities. *Frontiers of Environmental Science & Engineering in China*, 2011, 5(1): 21–27. DOI 10.1007/s11783-011-0303-9

This article has been retracted because it already was published as “High-Throughput Next Generation Sequencing” in *Methods in Molecular Biology*, 2011, Volume 733, Part 3, 107-128.
