A study of lightning activity over land and oceanic regions of India

ASHA NATH, G K MANOHAR, K K DANI and P C S DEVARA

Due to an oversight, figure 1 (p. 469) of the article was wrongly printed in the October 2009 issue. The correct figure 1 is shown below. The Web version of the original article (<http://www.ias.ac.in/jess/oct2009/d8je-157.pdf>) contains the correct figure.

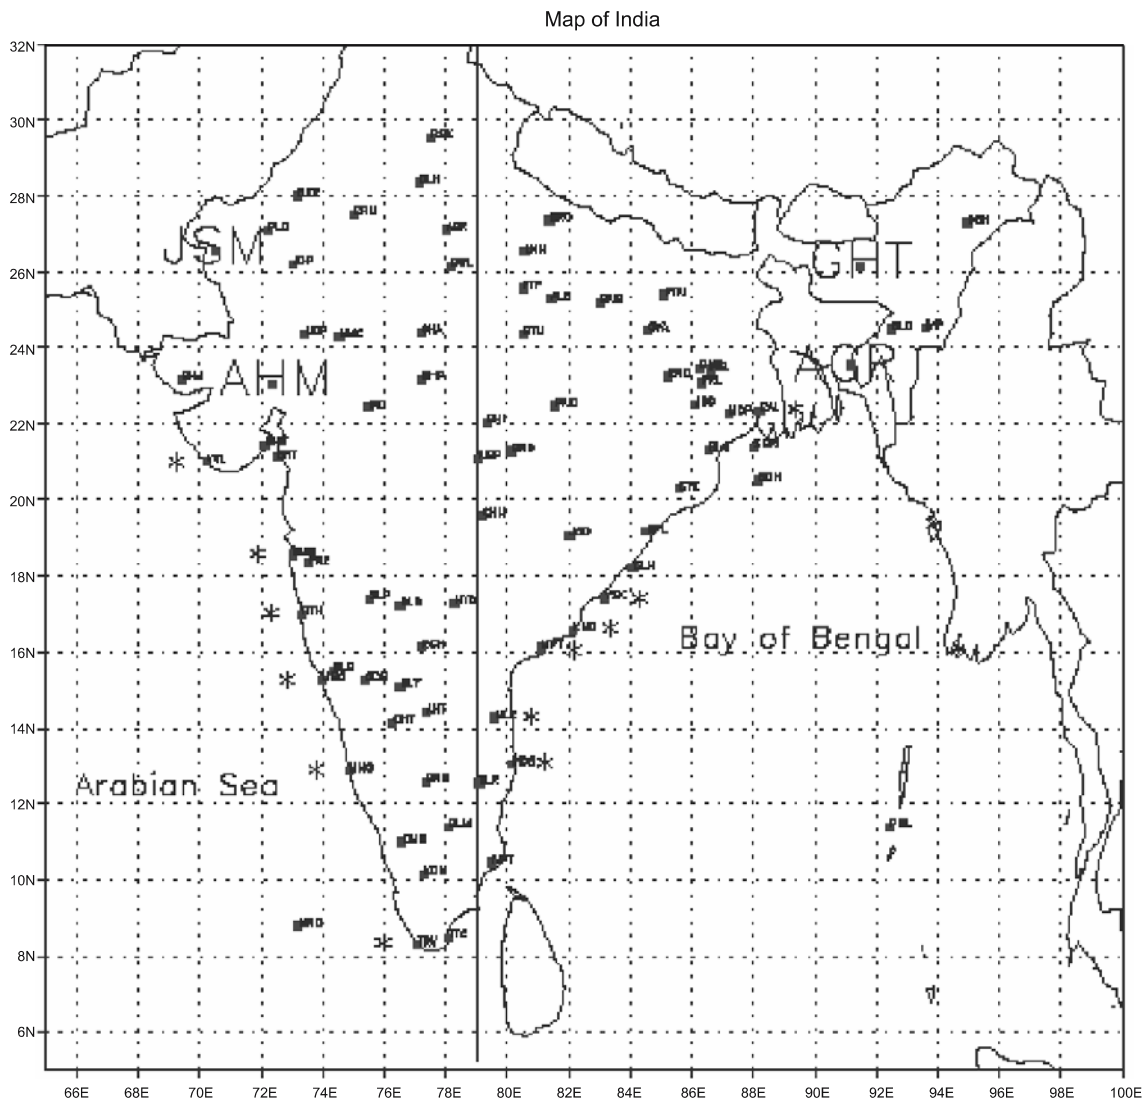

Figure 1. Map of India and the network of 66 land stations, six coastal stations each on ER and WR, two island stations (Portblair (PBL) and Minicoy (MNC)), and six oceanic locations each off the two coasts of India. The off-coast locations are 110 km away from the coasts and are shown by the asterisk symbol.
