In the original published version of this paper the description of the bifactor analytic approach on p. 267 should have cited as being derived from the paper: Neff, K. D., Whittaker, T. & Karl, A. (2016). *Examining the factor structure of the Self-Compassion Scale in four distinct populations: Is the use of a total scale score justified?* Manuscript submitted for publication. The two figures that accompany the text on p. 267 were also taken from Neff et al. (2016).
