The original version of this article unfortunately contained a mistake. The last sentence of the first paragraph of the Introduction section should read “Numbers of handaxes found in Acheulo-Yabrudian contexts vary from a few isolated artefacts (as in Zuttiyeh Cave; see Gisis and Bar-Yosef 1974) to several thousands (as in Tabun Cave; see Shimelmitz et al. 2017)”.

This article belongs to the Topical Collection: *The bifacial shaping phenomenon over time and space*
