A supplementary file was missing from this article and has now been uploaded and the order of the supplementary files has been changed. In the second supplementary file, the title “Appendix 2” has been added. In addition, the reference to the supplementary files in the text has been amended to: ‘The final total number of validated STOPP/START criteria was 190 (133 STOPP and 57 START criteria; see Appendix 1 for the criteria and Appendix 2 for the references of each criterion in the supplementary information).’

The original article has been corrected.
