The original version of this article unfortunately contained a mistake in the Abstract section.

The sentence “In those 9 years, he laid the foundations for the development of post-rationalist in Chile, both in the creation of therapeutic centers and in the inclusion of the model in the classrooms of some universities in this country.” should be “In those 9 years, he laid the foundations for the development of post-rationalist in Chile, both in the creation of therapeutic centers and in the inclusion of the model in the classrooms of some universities in this country.”

The original version of this article has been corrected.
