Publisher Correction to: SN Partial Differ. Equ. Appl. <https://doi.org/10.1007/s42985-020-00050-y>

Unfortunately systematic LaTeX mistakes appeared in this article.

They all stem from failure to close braces in the LaTeX command \mathfrak{D} . The closing brace } was either left out of put in the wrong place. These mistakes render the article almost unreadable.

The original article has been corrected.

The original article can be found online at <https://doi.org/10.1007/s42985-020-00050-y>.
