ERRATUM TO: CONTENT OF THE ISSUE 2 (2022)

DOI: 10.1134/S0022476622040205

The online version of the content of the issue 2 (2022) was revised. The correct order of the graphical abstracts is:

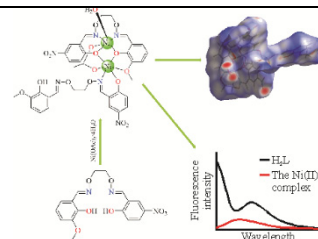

A. Litvinov, V. V. Brusko, D. A. Safin, and O. A. Lodochnikova

Crystal Structure of Heteroligand Zinc(II) Complexes with Phosphorylated Thioamide and Diimines

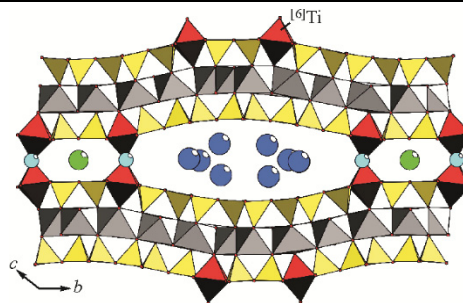

Li M., Li L.-L., Li P., Dong W.-K.

Supramolecular assemblies in an unprecedented asymmetric salamo-based dinuclear nickel(II) complex bearing two different coordination modes

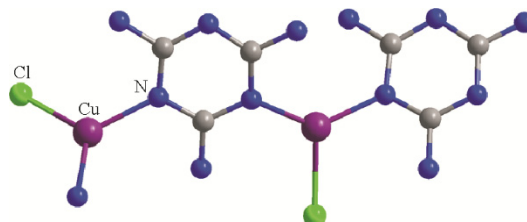

S. M. Aksenov, N. A. Yamnova, N. V. Chukanov,
N. A. Kabanova, E. A. Kobeleva, D. V. Deyneko, and S. V.
Krivovichev

Theoretical Analysis of Cation-Migration Paths in Microporous Heterophyllosilicates with Astrophyllite and Veblenite Type Structures

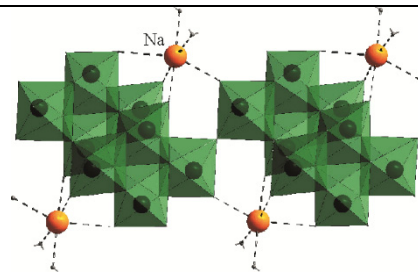

Liu L., Wu Y., Ma L., Fan G., Gao W., Wang W.,
Ma X.

A new melamine-based Cu(I) coordination polymer with excellent photocatalytic activity, therapeutic and nursing effect on blood glucose regulation

A. S. Sukhikh, S. P. Khramenko, T. V. Basova, and S. A. Gromilov

Synthesis and Crystal Structures of $[\text{Pd}(\text{NH}_3)_4]_2\text{Mo}_8\text{O}_{26}$ and $\text{Na}_2[\text{Pd}(\text{NH}_3)_4]_2\text{Mo}_8\text{O}_{27}\cdot 5\text{H}_2\text{O}$ Complex Salts

These changes apply only to the electronic version of the content of the Journal.

The correct content can be found online at <https://link.springer.com/journal/10947/volumes-and-issues/63-2>
